Day 3 Shillong to Cherrapunjee via Elephant falls or Shillong peak (60kms/2-3hrs.One way)Stay in Cherrapunjee:-

After early breakfast drive to Cherrapunjee (4,400 ft.), the wettest place in the world. Enroute visit Shillong Peak: **The Shillong peak** stands massively 2000 mtr above the sea level. It is one of the highest points in the state which offers a breathtaking bird's eye view of the city.

Elephant Falls: Named after an Elephant like stone at its foot, the Elephant Falls are amongst the most popular falls in the North-East, situated next to Shillong. It is a tourists' paradise with three layers of the falls accessible to the layman from different vantage points. The Britishers named this fall so owing to the presence of an elephant-shaped rock on one side of the fall. However, the stone disintegrated and was washed away due to an earthquake in 1897. Elephant Waterfalls is a superb place for spending some time in the midst of nature while capturing the incredible moments for your keepsake.

In Cherrapunjee You will see the beautiful waterfall known as Nohkhalli.

Nohkalikai Falls: Nohkalikai Falls is the tallest plunge [waterfall in India](#). Its height is 1115 feet (340 metres). The waterfall is located near [Cherrapunji](#), one of the wettest places on Earth. Nohkalikai Falls are fed by the rainwater collected on the summit of a comparatively small plateau and decrease in power during the dry season in December - February. Below the falls there has formed a plunge pool with unusual green colored water.

Mawsmi Cave: You can also explore the caves known as Mawsmi, Mawsmi cave is one of the most popular attractions in Cherrapunji. Mawsmi cave boasts of wide & amazing entry with the dark and magical secrecy inside.

Living Root Bridge :The 30 meters long bridge stands 2400 feet high and is the longest known Living Root Bridge, which also means that to reach the bridge one has to make a steep descent of 2400 feet. Holding the proud distinction of being addressed as one of the most picturesque and beautiful places on earth. The Living Root Bridges are made from rubber tree roots also known as Ficus elastica tree.
